NOTICE OF QUARANTINE No. 26

The fact has been determined by the Secretary of Agriculture that it is necessary, in order to prevent the further spread of a dangerous plant disease known as the white-pine blister rust (*Peridermium strobi* Kleb.), not heretofore widely prevalent or distributed within and throughout the United States, to quarantine all States east of and including the States of Minnesota, Iowa, Missouri, Arkansas, and Louisiana.

Now, therefore, I, David F. Houston, Secretary of Agriculture, under the authority conferred by section 8 of the Plant Quarantine Act of August 20, 1912 (37 Stat., 315), as amended by the Act of Congress approved March 4, 1917 (Public No. 390, 64th Congress), do hereby quarantine all the States east of and including the States of Minnesota, Iowa, Missouri, Arkansas, and Louisiana, and by this Notice of Quarantine No. 26 do order that no five-leafed pines, or currant or gooseberry plants (*Ribes* and *Grossularia*) shall be moved or allowed to move interstate to points outside the quarantined area; and, further, that no five-leafed pines or black currant plants shall be moved or allowed to move interstate to points outside the area comprising the States of Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, and New York.

Restrictions now or hereafter enforced by any State on the entry into such State of the plants named in this quarantine are in no wise affected by this quarantine.

This quarantine shall not apply to the movement by the United States Department of Agriculture of the plants named for experimental or scientific purposes. This notice of quarantine shall become and be effective on and after June 1, 1917.

Done at Washington this 21st day of April, 1917.

Witness my hand and the seal of the United States Department of Agriculture.

D. F. HOUSTON,
Secretary of Agriculture.

Additional copies of quarantine orders may be obtained upon request to the Federal Horticultural Board, U. S. Department of Agriculture, Washington, D. C.
